

NCPS OPEN Competition Rules

1. The Open Competition is separate from all other internal or external competitions.
2. Only NEW work, taken between last year's Open and this year's Open is eligible for entry. Images may have been entered in internal competitions during the current competition year or may be new work not shown before.
3. There are two media sections: prints and digital projections. The same image cannot be entered in both sections.
4. The maximum number of entries per author is three prints and three projections.
5. An entry form must be completed to itemise all work submitted. This should be handed to the Competition Secretary with the entries. An entry fee is required and must be paid for each entry.
6. All entries must comply with the NCPS Rules for the submission of entries.
7. The competition will be judged by members in attendance on the night of the competition. The voting method will be announced by the Competition Secretary.
8. The winners of each media section will be announced. The author of the image voted best overall will receive the Open Competition trophy.

Revised June 2010
